Testimony in Support of HB5780
House Committee on Judiciary
March 9, 2023
Divya Nair, Policy Analyst

The Economic Progress Institute supports Representative Alzate’s HB5780, which would reduce the fees associated with the driver’s privilege cards. Under the current rules, undocumented Rhode Islander’s pay $50 for a driver’s privilege card and then $30 every 5 years to renew their cards, if they are under 75 years old. Reducing the cost of the driver’s privilege cards would allow more people to apply for and benefit from this new resource.
